

2018 EIFLE WINNER

From the Institute for Financial Literacy

Organization of the Year: Junior Achievement

Junior Achievement's Purpose is to inspire and prepare young people to succeed in a global economy. Junior Achievement USA reaches more than 4.8 million students per year in 209,651 classrooms and after-school locations. JA programs are taught by volunteers in inner cities, suburbs, and rural areas throughout the United States, by 109 Area Offices in all 50 states. Through the delivery of cutting-edge, experiential learning in financial literacy, work readiness, and entrepreneurship, we create pathways for employability and job creation.

Each program is taught by trained community volunteers and includes a variety of teaching styles and interactive activities.

Each year, the Institute for Financial Literacy presents the EIFLE Awards at the Annual Conference on Financial Education. EIFLE Awards recognize individuals and organizations that have shown exceptional innovation, dedication and commitment to the field of Financial Education.

The Annual Conference on Financial Education provides professional development opportunities for individuals who work with financial literacy education. The Conference offers attendees the opportunity to learn about current trends, develop funding strategies and advance the cause of financial education.

What we learn with pleasure we never forget.

- Alfred Mercier
